## County Convention.

OGDEN CITY, July 17, 1886.

A People's Convention for Weber County is hereby called to meet at the County Court House, Ogden City, on Monday, July 26, 1886, at 11 o'clock a. m., for the purpose of nominating candidates to be voted for at the general election to be held on Monday, the second day of August next.

Said County Convention will consist of 25 delegates, allotted to the several precincts, to-wit:

Ogden 6 Slatterville 1  
Huntsville 2 Pleasant View 1  
North Ogden 1 Riverdale 1  
West Weber 2 Lyman 1  
Plain City 2 Wilson 1  
Hooper 2 Unadilla 1  
Harrisville 2 Eden 1  
Marriottville 1

Primary meetings for the election of delegates to the County Convention will be held in the several precincts of the county on Tuesday, July 20th, and leading citizens in each precinct are requested to interest themselves in calling the meeting together.

Delegates should receive credentials properly authenticated by the Chairman and Secretary of the meeting electing them.

L. W. SHURTLEFF, Chairman,  
T. J. STAYES, Secretary.

Of the People's Central Committee of Weber County.

## A Fine Band.

The members of the Ogden Brass Band have labored assiduously for years to reach a state of high perfection. That their labors have not been in vain every citizen will attest, and it is not infrequently that one hears the expression from people who are competent judges, that they are the best musical organization in the Territory. On all public occasions the boys are on hand to entertain the proceedings with their fine selections and but for their untiring efforts a holiday would be but half enjoyed. Musicians are, as a class, very sensitive in their dispositions and it is with the greatest difficulty that harmony can be maintained in any musical organization. This fact, presumably above all others, is the chief obstacle in the path of a leader who may undertake to build up a band that will be proficient in their accomplishments and at the same time united in their efforts. That the Ogden brass band has reached the acme of perfection to which it has attained is a great credit to its members and a source of pride to our citizens.

## County Convention.

A county convention of the People's party has been called to convene in the County Court house in this city, on Monday, July 26th, 1886.

The primary meetings of the several precincts will be held on Tuesday next, July 20th. The county officers to be elected at the county election are: Probate Judge, one selectman for the full term, one selectman for the unexpired term, county clerk, prosecuting attorney, sheriff, assessor, collector, coroner and surveyor.

Precinct officers will be elected as follows: Justices of the Peace for Eden, Slatterville, West Weber, Riverdale and Wilson; the latter for an unexpired term.

Constables for Ogden, West Weber, Huntsville and Pleasant View, the two latter being for unexpired terms.

## Personal and General.

DR. FOWLER of Salt Lake City, passed through Ogden yesterday morning en route to Soda Springs.

One tramp was run in by the police yesterday on a charge of vagrancy and got the usual number of days.

THE First District Court held another session yesterday, but no business of particular public interest was transacted.

HERBERT JAMES went north yesterday morning in the interest of the popular book and stationery house of A. H. Cannon of this city.

W. H. SMART, a teacher of the B. Y. College at Logan, passed through Salt Lake City yesterday morning. Mr. Smart will take a trip to England for pleasure, starting in a few days.

THE hum of the busy thrasher has begun to resound in some of the settlements of Weber County. It's rather early for thrashing, but the hot weather has crowded the season somewhat.

THE city yesterday tooed more like it should look on Saturday, but still the number of people who came in from the country was smaller than usual. Heat and harvest we presume is the cause.

THE Plain City and Hooper base ball nines played a game of ball on the Hooper grounds yesterday afternoon. The Plain City has been the second nine in the county for some time past, but as the Hooper nine has some good players a close game was played.

A complaint was filed in the police court yesterday afternoon charging Michael Greisen with disturbing the peace of one Alex Strongford, a guest of the Emmett House on Fifth Street. Of course the complaining witness was assaulted and abused but left in time to save being badly hurt.

On Friday evening as the section men at Echo were running into the station on a hand car, a dog attempted to cross the track, but was run over. The collision caused a young man named Chas. Baker to fall from the car, which ran over him severely bruising his leg below the knee. The young man came down to the U. P. hospital yesterday morning.

Rev. J. N. Brown, of New York State, preaches in the Tabernacle this afternoon and on Monday evening he will

deliver his famous lecture on the battle of Gettysburg. The reverend gentleman is a brother of Mr. P. A. Brown, of this city, and a considerable interest is being manifested in his proposed discourse and lecture. The houses will probably be well-filled on both occasions.

THE Ogden boys do not feel like making any apology for their bad playing in Salt Lake on Friday; but the Salt Lake kids will do well to keep their playing polished up well or when they come to Ogden they will be left. The only reason the Athletics were beaten in Salt Lake is because they did not play well enough. (That's what the captain says); but rather than lose the championship of the Territory, the boys will brush up a little.

## LOGAN LINES.

THE THERMOMETER has been rocking around from 90 to 102 this last week, and the nights have been very warm.

NO RAIN yet and the weary farmer looks regretfully at his half crop and then goes into town and finds that wheat is 90 cents per bushel and no prospect of a rise.

THE RACES for the 24th are raising quite a breeze and everything indicates that there will be a large turnout and a big day's sport. One feature will be the fast racing—a fifty yard race for \$25 purse and a match fifty yard race is being arranged between H. Reese, a Logan sprinter and Jas. Langton, a Smithfield man, which, if it comes off, will be of lively interest.

THE PEOPLE'S PRIMARY, for the election of delegates to attend the County Convention July 23, will be held this evening in the Court House. Thirteen delegates will be elected—a little over one-fourth of the entire strength of the convention.

RITTER BROS. are tearing down their old building on Main Street, preparatory to erecting a two story brick and rock store. They occupy Reese's Skating Rink during the erection of their building.

HUSBANDS of people are rusticating in the canyons and escaping the fervent heat. Trout and game are very abundant and from the stories in circulation, it appears there have been more trout caught in the past month than for several years.

SHERIFF CROOKSTON went to the Utah Asylum on Wednesday, having in charge William Fife, of Providence, who, for some time past, has had fits of temporary insanity and recently tried to kill himself. He is a man about 50 years of age with a large family and well known throughout the county.

No cause can be found for his present state. At times he is sane and fully realizes his condition.

LOGAN, July 17, 1886.

## New Way to get a Husband.

Chicago Herald: Marie Schurt, a woman 35 years, in good circumstances, on North Wells Street, thought she was old enough to marry, but, like Katisha, her beaux had all run away from her. Believing in the black art, she went not long since to Mrs. Sorup, a clairvoyant in her neighborhood, and entered into negotiations to secure a spouse by mystic means. The medium labored diligently with the spirits, and, by gradual assessments, secured \$9. from her client. Miss Schurt obeyed all instructions faithfully. She went to Graceland cemetery and other burying grounds night after night and spat upon twelve graves while she recited the Lord's prayer backwards. Then she unraveled woolen socks and buried the yarn in the back yard with a paper on which her desires were inscribed. She killed a black cat and tasted its blood while she mumbled some fetic jargon. She went through all the incantation and Voodoo performance to which she was instructed. At last, one day when she called on the medium, she was led into a darkened chamber and told to pray. In the midst of her devotions a door flew open and exposed an adjoining chamber in which a man sat with his head bowed and arms folded. The medium then entered and informed Miss Schurt that this man was the husband for whom she had prayed sent to her by the mysterious powers which control the fates and destinies. Miss Schurt was overjoyed, and readily accepted her spirit-given spouse. She lived with him as his wife for six weeks, until yesterday, when she was suddenly aroused from her delusion. She thereupon went to Justice Barker and swore out warrants against the man and woman for conspiracy and obtaining money under false pretenses. The man, whose name is Philip Leonard, an expressman, was arrested and gave bail. The medium has not yet been captured.

A Member of the Church Etc. But He Would Steal.

PITTSBURG, July 18.—Samuel K. Gay, chief clerk in the Pittsburg pension office has probably gone to Canada. Yesterday afternoon pension agent Basel discovered that Gay had forged his name to three checks, aggregating \$300. Information for forgery was made before the United States Commissioner, and a warrant issued for his arrest; but before the office could serve it, Gay got wind of the movement and quickly left the city. The forgery of the three checks constitutes but a fraction of the amount which it is supposed Gay took, and it is believed the amount of forgery and embezzlement will reach from \$150,000 to \$200,000. Gay was the son of a wealthy parents, he was a strict attendant at church, quite active in the Young Men's Christian Association and a prominent leader in the Murphy Temperance movements.

## England to Russia.

PARIS, July 18.—A London correspondent of the Journal Des Debates says: Earl Roseberry, British foreign minister, has sent Russia an emphatic protest against the closing of Batoum as a free port, characterizing Russia's action as a flagrant violation of the treaty of Berlin.

## At Government's Expense.

BERLIN, July 18.—The Emperor has approved the proposal to have the portrait of the novelist Gueslar Freytag, painted at the expense of the State, on the ground of his great services to the cause of mental culture and patriotism of the German people.
